## FOREIGN PATENT DOCUMENTS

WO 2014055436 4/2014

Primary Examiner — Rodney B White
(74) Attorney, Agent, or Firm — Price Heneveld LLP

## (57) ABSTRACT

A seating unit includes a base, a seat including a support surface mounted on the base and adapted to support a seated user thereon, a back supported by the base and extending upwardly from the seat to support the back of a seated user, and a display support coupled to the back so as to extend at least partially above the back, wherein the display support is adapted to position a display in a forwardly-facing orientation with respect to the seating unit at least partially above the back for use while located on the seating unit.
